Extra-High Intensity Soil Map
Notes:

1. Soils underlined by red and green have favorable properties for BBS at the standard or otherwise recommended rate if the recommended improvement practices are acknowledged.

Legend:

- MLPP - Modified Low-Pressure Pipe system
- STR - Shallow To Rock
- - - fenceline
- - - drain; 1' up to stream; recommended 76" or more away

Any disturbance to these soils after this date can void their favorability.

The Spd's Consultant's signature does not constitute approval by the Environmental Dept.
